Shepparton Show Me database update

A number of Shepparton Show Me Ambassadors will be visiting businesses in the next three weeks to update the member database.

Shepparton Show Me Chair, Cr Les Oroszvary said it is important to have up to date contact details, so members can have the opportunity to be engaged and have input into the development of Shepparton Show Me.

“Business details change so often, whether because businesses change owners, new businesses open or contact details change, so it can be difficult to maintain an up to date database. We have engaged Ambassadors to do a complete review and update of the database so we can ensure our members receive the necessary information,” Cr Oroszvary said.

“Once the database is updated, we will have regular communications with our members and they will have the opportunity to put forward their ideas and thoughts for Shepparton Show Me.

“If you are not visited or contacted by an Ambassador, feel free to get in touch and check that your details are correct.”
